This is an excellent WW2, 'Lend Lease' .303 calibre P14 Rifle. These rifles used by American Forces in WW1 were refurbished in British .303 Calibre under the terms of the 'lend-lease' agreement during WW2 and issued to British Home Guard Units. The woodwork has just light bumps and bruises to be expected with age and service use. The metal work is undamaged. The barrel shank is stamped by the American manufacturer 'ERA' (Eddystone Remington Arms) It is serial number 165979. The action has British WD inspection marks. The rifle is fitted with a flip up rear sight, winged fore sight, & part of its long range volley sights. It has a steel butt plate with trap, sling swivels fitted with webbing sling and bayonet lug. It is complete with original Remington P13 Bayonet with clean fullered blade which is crisply stamped at the Ricasso '1913' (pattern) with the Remington Roundel and '5 '17 date (May 1917). The reverse is stamped with British WD arrow. It's wood grips are undamaged condition and the bayonet is complete with leather scabbard with steel mounts in similar nice condition.
